

KICKOFF YOUR CAREER AS A SOFTWARE TESTER (M/F)

Is your ultimate career goal to work in an international company where you will be able to have a successful and exciting career? You can quickly understand business processes and you have a passion for technology? Buckle up, this is only first step in a career that we are offering!

MEET YOUR MENTOR

Igor is **Team Manager**, with the longest seniority in the MS Dynamic team. He joined Adacta as a student and with a combination of technical knowledge and soft skills become one of the best **CRM experts**.

In this photo he maybe looks like a really strict guy, but trust us he is super sociable and helpful :)

MEET YOUR TEAM

An **international team** of 125 Software Engineers, Business Consultants and QA Engineers, responsible for the development of industry-specific CRM and ERP solutions, which runs on Microsoft Dynamics 365 platform.

Right now the team is dedicated to the new project based in The United Kingdom and you will be a part of it as well.

YOUR PLAYGROUND

Check out how a day as a Software Tester looks like with a **former student of a Faculty of Economics** - Jana.
